PROJECTS

Veridic

Jan 2026 - Present

Python, MCP Protocol, LangChain, FastAPI, Git
AI Agent Trust & Verification Middleware | Independent Project

- Built a semantic grounding middleware that intercepts Model Context Protocol (MCP) tool calls to detect and block schema-valid but factually fabricated agent actions.
- Authored a complete SRS with architecture diagrams, extending prior work on semantic parsing and knowledge-graph layers.
- Designed a Tool Router layer for real-time verification of agent actions against ground-truth context to reduce hallucinated tool use.

FlavorDash

Oct 2025 - Dec 2025

React.js, Node.js, Express.js, MongoDB, Socket.IO, JWT, Google OAuth, Cloudinary
Restaurant Ordering Platform | Independent Project

- Built a full-stack restaurant ordering platform with JWT authentication and role-based access control.
- Implemented real-time order tracking and status updates using Socket.IO.
- Developed an AI meal planner that recommends dishes grounded in the restaurant's actual menu data, with Google OAuth login and Cloudinary image uploads.

CraftyWrap

Jun 2026 - Present

TypeScript, Next.js, Express.js, MongoDB Atlas, Cloudinary, AWS
E-Commerce Platform | Independent Project

- Building a full-stack e-commerce platform for a handmade yarn-products business, supporting account and guest checkout.
- Designed category-based product browsing (yarn type, size, preparation time) and a custom order request flow.
- Deploying frontend and backend on AWS with MongoDB Atlas as the database layer.

EXPERIENCE

IdentifYou Technologies Private Ltd, Madurai, Tamilnadu

Jun 2026 - Jul 2026

Software Development Intern

- Worked on real-world software development tasks alongside the engineering team during the internship.
- Contributed to assigned modules and gained hands-on experience with the team's development workflow.

Elysian Intelligence Business Solutions, Madurai, Tamilnadu

Jul 2025 - Jul 2025

Web Development Intern

- Developed responsive web interfaces using HTML, CSS, and JavaScript.
- Collaborated on real-world frontend tasks during the internship.
- Improved UI responsiveness and usability.
